

Independent Communications Committee

Mr Finn Pratt AO PSM
Secretary
Department of the Environment and Energy
GPO Box 787
CANBERRA ACT 2601

Dear Mr Pratt

COMPLIANCE ADVICE ON THE PROPOSED FOURTH PHASE OF THE ENERGY FOR THE FUTURE CAMPAIGN

The Independent Communications Committee (the Committee) considers proposed advertising campaigns with expenditure expected to be \$250,000 or more, and provides independent advice to the relevant Chief Executive.

On 23 November 2018, the Committee considered the fourth phase of the Energy for the Future campaign being developed by the Department of the Environment and Energy. As part of its consideration of this campaign, the Committee met with your officers, and reviewed the following supporting documentation:

1. communication strategy
2. evaluation research
3. media strategy and media plan overview
4. a statement against Principles 1 to 4 of the *Guidelines on Information and Advertising Campaigns by non-corporate Commonwealth entities* (Guidelines).

The Committee is satisfied that the campaign is relevant to government responsibilities (Principle 1), and that the campaign is being developed in line with Principles 2 to 4 of the Guidelines. The Committee's view has been formed at the communication strategy stage, and it has not considered the advertising materials. For this reason, the Committee has concluded that the proposed fourth phase of the Energy for the Future campaign is capable of complying with Principles 1 to 4 of the Guidelines.

As legal and procurement matters relating to the campaign are not considered by this Committee, you will need to seek advice and assurance from your entity with respect to compliance with Principle 5 of the Guidelines.

This letter will be published on the Department of Finance website after the campaign is launched.

Any additional phases of the campaign will require separate consideration by the Committee.

Yours sincerely

Greg Williams
Chair
Independent Communications Committee

27 November 2018
