RECOVERY PLAN FOR QLD

Queenslanders deserve a big pat on the back for the way we've responded to COVID-19.

Through strong Queensland Government action, our incredible health workers and all of us taking precautions, we've kept our infection numbers well below those of other states.

But as we look towards the future, the outlook for jobs and our economy is much more uncertain. Scott Morrison has no plan for jobs, and his announcements for Queensland never get delivered.

The Palaszczuk Labor Government has a clear plan for recovery, but we're still waiting for one from the Federal LNP Government.

We've held COVID-19 at bay by looking out for each other. We should do the same as we recover.

Labor Senator for Queensland

JOBKEEPER

Labor fought for the JobKeeper wage subsidy and it's keeping many workers and businesses afloat.

But in September, the Federal LNP Government cut JobKeeper, JobSeeker and other support to about 90,000 people on the Sunshine Coast alone.

The last thing we need now is more LNP cuts.

BILL REDPATH - STANDING UP FOR THE KAWANA COMMUNITY

Bill, his partner Elenore and their two dogs love living in Kawana.

Bill is passionate about standing up for his community. Having spent his working life as a 'no win, no pay' lawyer, he has ensured those who couldn't afford legal representation got a fair go.

People on the Sunshine Coast have been hit hard by the COVID-19 pandemic. But, thanks to the Palaszczuk Labor Government's health response, we are best placed to lead a strong economic recovery for our region.

Kawana needs a strong representative like Bill Redpath with the experience to stand up for local families and businesses as our community gets back on our feet.
