**YOUR CHOICE
IS IMPORTANT.**

**HERE ARE A FEW THINGS
TO CONSIDER.**

<Name>

It's one thing for Mr Albanese to stumble on the unemployment rate and Labor's costings.

But the stakes would be much higher if he had responsibility for Australia's \$2.1 trillion economy.

So, is he up to the job?

The pandemic has been tough.

However, Australia's economic recovery is leading the world.

The recent Budget included the largest turnaround in our finances in over 70 years.

This means the Government can deliver practical cost of living relief, including a temporary halving of the fuel excise.

A strong economy is what funds better schools, hospitals and roads.

It means more jobs and lower taxes.

Your choice will determine who's best to continue our recovery.

A Liberal Government you know, or a Labor Opposition you don't?
