## 5. Life of Type Extension (LOTE) Program

### Overview

The primary objective of the LOTE Program is to ensure that the CCSM can continue to operate safely through to its Amended Planned Withdrawal Date (APWD) while continuing to deliver the required availability.

The APWD extends the operating life of the Class by one additional operating cycle of 10 years plus an additional 2 year LOTE Full Cycle Docking (LOTE FCD). The LOTE FCD will occur at the end of the current Planned Withdrawal Date for each boat. The first boat to undergo a LOTE FCD will be HMAS *FARNCOMB*, which will commence its LOTE FCD in Jun-26.
